Alerts & Highlights

Retention Alert:
The customer repeat-purchase rate is critically low at 3.03%.

Revenue Concentration:
Just 18 out of 74 categories (Class A) are driving 81.3% of the total revenue.

Logistics Warning:
Northeast states (such as Alagoas and Maranhão) are showing severe late-delivery rates between 14% and 24%, which strongly correlates with lower customer review scores in those regions.

Seller Risk:
163 sellers are currently classified as "High Risk" based on their late delivery and cancellation rates.
